EDUCATION

The University of Texas at Dallas May 2025

Bachelor of Science, Computer Science: **GPA 3.85**

- Academic Excellence Scholarship
- Relevant Courses: Programming Paradigms, OS Concepts, Advanced Algorithms, Automata Theory, Computer Architecture.
- Research: Researched security vulnerabilities in IoT devices with the ACM UTD research team.

Advanced Cybersecurity Course @ UTD Summer 2019

- Fundamentals of computer systems, communication and networking, and hands-on experience configuring virtual networks. Advanced cybersecurity; dealing with vulnerabilities and securing networks.

Circuitry Design Course @ UTD Summer 2018

- Introduction to electronic circuit and digital logic design.

PROJECTS

Personal Website, najalee.github.io May 2023

- Developed a personal website using React.js, HTML, and CSS, to showcase a professional portfolio of work/projects and provide accessible contact information.

ACM Research February 2023 – May 2023

- Conducted research on vulnerabilities in IoT devices, with a focus on BLE technology, identifying potential risks, leveraging skills in cybersecurity, networking, and IoT protocols.
- Demonstrated vulnerabilities by creating a worm capable of infecting hundreds of devices, underscoring the need for security measures in IoT, and applying knowledge in offensive cybersecurity techniques and BLE technology.

PROFESSIONAL EXPERIENCE

Strike+Reel, Garland, TX May 2022 – September 2022

Event Coordinator

- Communicated with 100's of clients regarding available packages for special events to increase sales.
- Successfully managed 50+ reservations and coordinated activities to enhance customer experience.

VOLUNTEER EXPERIENCE

Data Analytics Committee, Brighter Horizons Academy, Garland, TX 2023

- Developed Data Analytics scripts to enable teachers to evaluate students' academic performance, leveraging skills in Python and data analytics.

Techno Kids, Brighter Horizons Academy, Garland, TX 2017 – 2019

- Taught elementary aged students the basics of computer programming.

SKILLS

C++, C, Java, Assembly, UNIX, HTML/CSS, JavaScript, React.js, Arduino, and Python
